# Apostleship Program

What if you had one year? One year between school and school, school and life, or even just one year to grow and figure out your next steps? What if you spent that year working for a ministry that's changing lives? What if you worked really hard for that year, and in exchange, that ministry changed your life?

An apostle is someone who is an *ardent supporter* of **Jesus**. An apostle is someone who is sent on a mission — we have a mission that is worth your while. You can find any number of internships or gap year programs to join. At Trout, we think we can offer you something more. We offer a mission in which you can share your love of Jesus with thousands of campers.

As part of our Apostleship Program, you will be challenged to become a leader. A variety of experiences will provide you with valuable insights into the many facets of ministry. Some days will be spent cleaning floors and toilets, while others will be spent sprinting around a 500-camper youth retreat or a 3,000-student youth conference. You will also learn how to lead younger staff to follow in your footsteps.

Trout's goal is to provide you with meaningful, hands-on work experience. We give you an opportunity for leadership development, as well as spiritual growth through personal mentoring, planned study and interaction with full-time ministry staff.

This is a life experience grounded in faith, hard work, and teamwork. The program involves experiencing a lifestyle of ministry in a context that is more intense and communal than most. Effort will be given to providing you with a balance of personal development, off-time, and work time.

We give you 12 to 15 months to learn and work behind the scenes of a growing ministry. You will learn to stretch yourself as you prepare for that next step in your life. If you can give us your attention and some hard work, we will help you develop a solid base to stand on.

This is more than a job. It's a community that will support you as we work together in adventure, Dteam leadership, guest services, kitchen, office, program, or all of the above. You will come alongside our full-time staff, and together we will provide campers, youth groups, church groups, and school groups the best retreats and programmed events that we can provide.

apos • tle • [ship]  
(noun)

1. one sent on a mission
2. a person who first advocates an important belief

# Israel or Turkey

Part of the Apostleship Program experience will be a life changing/perspective changing 10 day trip either to Israel (odd years) or a Footsteps of Paul tour (even years). This is a great opportunity for our group to go overseas and learn more about these regions.

We will also spend extended time studying Scripture passages that will tie into the trips before and afterward. This experience is provided as a part of the Apostleship Program training, but some spending money will be needed. Participants must have a valid passport.
